Paperwork Reduction Act Burden Statement

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2139-0013. Public reporting for this collection of information is estimated to be approximately 60 hours per response, including the time for reviewing instructions, completing and reviewing the collection of information. All responses to this collection of information are mandatory, as authorized by 14 CFR, Part 241. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, James Bouse, email: OALICCO@dot.gov, OAI/BTS, RTS-42, Room E34, 1200 New Jersey Avenue, SE, Washington, D.C. 20590

RECORD FORMAT:

The Origin-Destination Survey reports must be created as an electronic "comma separated values" file, using ASCII text character encoding, for uploading via the "eSubmit" application.

The comma separated values file MUST BE indicated when naming the file with file extension [CSV] or [csv] following the file name.

The file name is flexible and may be determined by the individual air carrier, but the comma separated values (csv) file format is required, as outlined in the rule entitled, *Submitting Airline Data via the Internet*.

The fields in the sample record shown below follow the same order as the above record description, separated by commas, and saved with the file name extension of .csv.

Suggested file name: XX201003-OND.csv

Sample Record Format:

NOTE:

The itinerary in the sample record format above indicates a surface segment between SYD and CNS. The, --,--, , indicate the positions the two carriers and fare code would have occupied had there been air transportation between the two airports.
